2. 510 VM 129 and 510 VM 130 - We cannot approve the use of "CIA Files" as the source for the same reasons previously cited. In addition, it appears that the information contained in both documents is included in the basic memorandum, although not in the detail which is in the editorial note and footnote. In regard to footnotes, we could not locate footnote 3 in 510 VM 130.	25X1

During the course of the review of 510 VM 67, to which you had attached a copy of 510 VM 39, we looked more closely at the latter $\,$ document, and unfortunately determined that additional portions, which treat of arrangements, will have to be deleted. We have indicated these additional deletions in red on the enclosed copy of the document.

We hope that the above comments and modifications will prove helpful in bringing this FRUS volume closer to publication.
